

# SYED MUHAMMAD ALI

Full Stack Developer | MERN & PERN Stack | React Native | Mobile Apps

Karachi, Pakistan | syeadmuhammedalimazhar@gmail.com | +92 3190586822  
github.com/syedmuhammadali-dev | linkedin.com/in/syed-muhammed-ali

## PROFESSIONAL SUMMARY

Full Stack & Mobile App Developer with 9 months of experience building and publishing 3 React Native apps on Google Play Store. Proficient in MERN/PERN stacks, React Native, Expo, Next.js, TypeScript, and Firebase. Strong manual coding fundamentals (2+ years) complemented by AI-powered tools. Built enterprise ERP systems, AI-powered clinic management, real-time tracking apps, and multi-role platforms.

## TECHNICAL SKILLS

**Frontend:** React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3, Redux Toolkit, Zustand, React Query  
**UI:** Tailwind CSS, Material UI, Mantine UI, Shadcn/ui, Ant Design, Bootstrap, Framer Motion, Figma  
**Backend:** Node.js, Express.js, REST API, Socket.io, Firebase, MongoDB, PostgreSQL, Mongoose  
**Mobile:** React Native CLI, Expo, Android Studio, Google Play Console, Push Notifications, Google Maps, Background Geolocation  
**AI & Tools:** OpenAI, Google Gemini, Cursor, GitHub Copilot, Claude, ChatGPT, Git & GitHub, VS Code, Postman, Vercel, i18n

## EXPERIENCE

### Full Stack & Mobile App Developer

AppMash — Karachi | 9 Months (2025 - 2026)

- Published 3 React Native apps on Google Play Store (Customer, Restaurant Partner, Driver) with Kanban boards, push notifications, phone auth, and i18n (EN/HE/AR)
- Built enterprise apps using MERN/PERN stacks: Barakah ERP (inventory/billing/HR), AI Clinic (role-based dashboards, Gemini AI prescriptions), Helplytics (AI helpdesk)
- Built SafeCircle PK: family GPS safety app with real-time location sharing, geofencing, SOS alerts, background geolocation, Firebase, bilingual UI
- Built PatternIntel: AI-powered health analyzer using OpenAI GPT-4o-mini for pattern detection, timeline insights, and confidence scoring
- Integrated payment gateways (Yaad, Stripe), PDF generation, Google Maps, Socket.io chat, FCM notifications, and multilingual support (EN/UR/HE/AR)
- Managed full app lifecycle on Google Play Console — publishing, versioning, store listing optimization

## KEY PROJECTS

- RoadHelper — Multi-Role App Suite:** 3 published Google Play apps. React Native, Firebase, Kanban, i18n, push notifications, phone auth.
- SafeCircle PK — Family Safety App:** GPS sharing, geofencing, SOS, background location. Firebase Auth/Firestore, Zustand, bilingual.
- PatternIntel — AI Health Analyzer:** AI pattern detection (OpenAI GPT-4o-mini). Cause/symptom logging, timeline, confidence scoring. React Native.
- Barakah — ERP Platform:** Full-stack ERP: inventory, billing, HR, analytics. Next.js, Node.js, MongoDB, Redux Toolkit, Tailwind.
- AI Clinic Management System:** Healthcare with AI prescriptions (Gemini). Role-based dashboards. Next.js, Firebase, Redux Toolkit.
- CoreStock — Admin & User Panels:** Enterprise inventory with admin dashboard + user-facing stock tracking. Next.js, TypeScript, Mantine UI, Redux.
- Helplytics — Helpdesk & Analytics:** AI helpdesk with tickets, leaderboards, notifications. Next.js 16, React 19, Redux Toolkit, Framer Motion.
- AppMash — SaaS Platform:** Modern SaaS UI with responsive layouts. Next.js, TypeScript, Tailwind CSS.
- T3ALL — Restaurant Web App:** Restaurant website with interactive UI. React.js, Tailwind CSS, JavaScript.

## EDUCATION & CERTIFICATIONS

ADP Software Engineering — Ilma University (2025-Present) | Intermediate (Pre-Eng) — Govt Degree College (2022-2024) | Matric (CS) — Kamran Public School

1st Position — Saylani Mass IT 2026 (#1/20,000+) | MERN Stack Dev — Saylani SMIT | Frontend Dev — Farooq-e-Azam  
Cisco: JS Essentials, CSS Essentials, HTML Essentials, Intro to Modern AI | PMI: Agile & Predictive PM
