Professional Summary

Full Stack & Mobile App Developer with 8+ months of professional experience and 2+ years of coding fundamentals, delivering production web applications on the MERN and PERN stacks and 3 React Native apps published on the Google Play Store. Skilled in React.js, Next.js, TypeScript, Redux Toolkit, Node.js, Express.js, MongoDB and PostgreSQL, with a focus on responsive interfaces and scalable REST APIs. Ranked 1st out of 20,000+ students in Saylani Mass IT Training's Modern Web Application Development program (Batch-16). Experienced with AI-assisted development, real-time features, push notifications and payment gateway integration.

Technical Skills

Frontend: React.js, Next.js, React Native, TypeScript, JavaScript (ES6+), Redux Toolkit, Zustand, Tailwind CSS, Material UI (MUI), Mantine UI, shadcn/ui, Ant Design, Framer Motion, Bootstrap, HTML5, CSS3, Responsive Design

Mobile: React Native (CLI), Expo, Android Studio, Google Play Console, React Native Maps, Push Notifications (FCM), Phone Authentication

Backend: Node.js, Express.js, REST APIs, Socket.io, Firebase, JWT Authentication

Databases: MongoDB (Mongoose), PostgreSQL (pgAdmin), Firebase Firestore

Tools & AI: Git, GitHub, Postman, Vercel, VS Code, Figma, npm, i18n, Cursor, GitHub Copilot, Claude, ChatGPT, Google Gemini API, OpenAI API

Practices: REST API Design, Component Reusability, Performance Optimization, SEO Basics, Agile Workflow

Professional Experience

Junior Frontend / Full Stack Developer — AppMash

Feb 2026 – Jun 2026

Karachi, Pakistan

- Built enterprise-level full stack web applications using the MERN and PERN stacks, including an ERP system (Barakah) and AI-powered platforms (Helplytics, Clinic Management System).
- Developed responsive, reusable frontend interfaces with React.js, Next.js and TypeScript using Tailwind CSS, Redux Toolkit, Material UI and Mantine UI.
- Designed and built RESTful APIs, Firebase backends and MongoDB/PostgreSQL database schemas for scalable applications.
- Integrated AI features (Google Gemini, OpenAI) for intelligent workflows, plus payment gateways (Stripe, Yaad) with automated PDF report generation.
- Published 3 React Native apps on the Google Play Store (customer, restaurant partner and driver apps) with real-time order tracking, push notifications and phone authentication; managed the full release lifecycle on Google Play Console.
- Implemented multi-language (i18n) support across web and mobile for English, Urdu, Arabic and Hebrew user bases.
- Leveraged AI-assisted development tools (Cursor, GitHub Copilot, ChatGPT) to accelerate delivery, backed by strong manual coding fundamentals.

Frontend Developer Intern — AppMash

Nov 2025 – Feb 2026

Remote — Karachi, Pakistan

- Delivered production-ready UI components and admin panel screens in React.js and Next.js; collaborated on code reviews and Git workflows, and was promoted to a full-time role after the internship.

Key Projects

- Barakah — ERP Platform** | Next.js, Node.js, MongoDB, Redux — Inventory, billing, HR and analytics. · [GitHub](#)
- SafeCircle PK — Family Safety App** | React Native, Live Location, Push Alerts — Family tracker with live location, geofenced safe zones and SOS alerts.

- [PatternIntel — AI Health Pattern Tracker](#) | *React Native CLI, TypeScript, OpenAI GPT-4o-mini* — Logs food, stress, sleep and symptoms; AI detects recurring correlations with confidence scoring.
- [CoreStock — Admin & User Panels](#) | *Next.js, TypeScript, Mantine UI, Redux* — Inventory and warehouse dashboards with role-based permissions. · [User Panel](#)
- [RoadHelper — Roadside Assistance](#) | *MERN Stack, React Native* — Self-initiated startup connecting drivers to help; 3 published React Native apps. · [GitHub](#) · [Mobile Apps](#)

Education

Associate Degree Program (ADP), Software Engineering	— Ilma University, Karachi	2025 – Present
Full Stack / MERN Stack Development	— Saylani Mass IT Training (SMIT), Karachi	Jan 2025 – May 2026
Intermediate (Pre-Engineering)	— Govt. Degree College Buffer Zone, Karachi	2022 – 2024
Matriculation	— Kamran Public School, Karachi	2008 – 2021

Certifications & Achievements

- **1st Position — Saylani Mass IT Training, Modern Web Application Development, Batch-16 (2026):** ranked #1 out of 20,000+ students (400 finalists). Credential ID SMIT/2026/WMA/B16/367786. [View certificate](#)
- Cisco — Introduction to Modern AI (2026), JavaScript Essentials 1, CSS Essentials, HTML Essentials (2025). [Credly badges](#)
- Project Management Institute (PMI) — Fundamentals of Agile & Predictive Project Management (2025). [Credly badges](#)
